

### **Fall 2016 Supply Chain Internship**

In order to apply please visit <http://bit.ly/1Ry27ri> (Job ID **039804**)

Our six-month paid internship program is designed to provide each student with professional work experience and exposure to the various career paths available in the GP Supply Chain Organization. Interns will interact with senior leadership through career-focused networking, receive formal mentoring, and experience structured job shadow overviews with a focus on continuous learning in the area of Supply Chain Management.

The anticipated duration of our Fall 2016 Internship Program is from mid-June through early-December 2016.

Successful candidates may be placed in one of the following areas of concentration:

- Procurement Operations
- Supply and Demand Planning
- Transportation Operations
- Strategic Sourcing
- Logistics
- Analytics

The internship offers first-hand involvement and personal mentorship through real business operations to help launch a career in Supply Chain. Interns will gain exposure to both the mill and corporate environments working with cross-functional teams on process improvement projects. Interns have the chance to add value by providing suggestions for process and system improvements to help streamline the organization, as well as lead in the development and implementation of new business processes.
